A
Vase of Beauty
from Our
Bulbs

D. D. McTAVISH

Breeze Hill Glad Garden

VICTORIA, B. C.

READ CAREFULLY BEFORE ORDERING

Our Gladiolus stock is as fine as can be grown. The bulbs are clean, plump and healthy.

Our stock is perfectly cured, and we feel confident that we can fill your orders in such a manner as to merit your continued patronage.

Remember, our Gladiolus bulbs are all grown on Vancouver Island, the Garden Spot of Canada.

Planted in succession, our glorious Glads will furnish flowers that will be a joy and delight in your home all summer long.

The average time from planting to blooming is about 95 days.

Cultural directions supplied with all orders.

Terms are net cash before shipment, unless otherwise arranged; 25 per cent deposit will hold winter orders until planting time. Orders not fully paid for will be sent C.O.D. for the balance at time of shipment.

Remittances should be made by post office money order, express money order, bank draft or cheque.

Conditions of Sale

We exercise every care to ship only first-class stock, but give no warranty, expressed or implied, and will not in any way be responsible for the results of planting or forcing any bulbs sent out by us. We are anxious to satisfy all our customers and will gladly make replacement or refund purchase price of any bulb that does not prove true to name.

All orders are subject to stock on hand.

Write your name and address very plainly.

SPECIAL NOTICE

If you are at a loss as to what varieties to order, send me the amount of money you wish to spend, stating the color and about the number of bulbs you expect, and I will send you a named assortment which I am sure will please.

Generous count always, and always something special in addition to your own selection.

EXHIBITION

At the 1927 Victoria Exhibition there were over 20 entries for our Special Prizes. We intend to make even better offerings for 1928, and hope to see at least 50 entries.

On account of the scarcity of stock in the newer varieties, orders should be placed as early as possible.
